

Oslo Adult Education (Oslo VO) Norwegian Language courses

Autumn 2022

Updated 06.07.2022.

Please note that this is a preliminary and general course plan.

This brochure contains an overview of the Norwegian Language courses in Oslo Adult Education, admission procedures and of the schools' provisions. Please see more detailed information in brochures from each of our schools, at our web pages and in our separate price list.

Admission routines and opening hours are subject to change. For admission routines and for possible changes in provisions, prices and routines, please see <https://felles.oslovo.no>. Courses held in the school buildings may preliminarily be turned into a combination of classroom and online home school, or full-time home school, depending on the infection situation.

Norwegian Language and Society courses for adult immigrants in Oslo VO

Oslo Adult Education (Oslo VO) provides Norwegian Language courses for immigrants who are entitled to free Norwegian language courses as well as for those who have to pay for the courses. The courses are approved for training under the Introduction Act and the Integration Act. (Please note different time limits for free tuition in these Acts.)

Application/registration

Application/registration is at or via **Oslo Adult Education Service Centre (Oslo VO Servicesenter)**, Karoline Kristiansens vei 8, at Fyrstikktoget, Helsefy.

Please book an appointment for a registration/admission interview in advance, by filling in the form you can find at <https://felles.oslovo.no>, front page. (Use Chrome!)

The Oslo VO Service Centre will confirm the appointment in a SMS and then call you and decide whether the interview will take place by phone, internet or at the Service Centre.

Most applicants are given appointments to sit for a Norwegian language placement test at the Service Centre. This will be carried out in accordance with the current rules for infection control.

Applicants may also use our drop-in service on Mondays (12-18) when not closed due to infection risk.

Please note that the earlier you apply, the better chance to get a start date according to your wishes. If you have attended a Norwegian course in Oslo Adult Education less than a year ago, you can contact the school directly in order to enrol again.

Daytime courses begin in the morning (session = økt 1) or a little later in the afternoon (session = økt 2). Evening classes start after ordinary work hours. The number of hours per week varies.

There are special courses for participants in the Introduction Program.

You can find more details in the schools' brochures.

Adequate course placement

Your Norwegian language skills, your educational background, the level you wish to reach and your plans for your future will decide your course level and learning track (1-2-3). Based on this, you may state your preferences for which school you want to attend, daytime or evening courses, the number of hours per week and the date you wish to start. Your request must match the course level. The Admission Officer will give you more information.

What happens when you have applied?

Based on the admission interview, placement test and your preferences, Oslo Adult Education will find the course that best suits your needs and level. You will receive an admission letter from one of the schools in Oslo Adult Education a few weeks before the course starts. You will also receive a time schedule and/or other information.

The applicant's responsibility

You must contact the school you have applied to if you need to make any changes in your application. If you change your address, phone number or email address, you must inform the school.

If you reject a course offer, you must notify the school if you wish to be on a waiting list for a new offer. If you are absent the first day of the course, you will lose your place on the course. If you have a valid reason for your absence, you must notify the school asap, and you must document the reason for your absence.

For those who pay for Norwegian language courses

See separate leaflet for information about course periods, tracks and prices.

The price per course period depends on which track you are and how many hours you have chosen per week, the number of weeks per period and if it is daytime or evening classes.

Requirements for Permanent residence permit and Citizenship

Please note that defined skills/lessons/passed tests in Norwegian language and Society are required for most applicants to permanent residence permit and to Norwegian citizenship. New rules apply for this for some groups from 2021 and 2022. See "Utlendingsloven" and "Statsborgerloven" at lovdata.no, and UDI.no.
